Community Clinical Support

NDIS funded or fee-for-service

High Intensity Support refers to a specialised level of care designed for people with complex and challenging healthcare needs.

Our staff hold qualifications including Clinical Nurse Consultant, Registered Nurse, and Enrolled Nurse, in addition to trained and competent Disability Support Workers.

Support includes:

- Complex bowel care
- Enteral feeding or Percutaneous Endoscopy Gastronomy (PEG) feeding
- Dysphagia
- Ventilator
- Tracheostomy care
- Urinary catheter care
- Subcutaneous injections
- Complex wound care
- Epilepsy and seizure.

What we offer

- ongoing regular disability supports for clients
- contract supports delivered for an agreed period of time
- education and training for NDIS providers of High Intensity Support.

LevelUp Independent Living is part of Your Best Life Disability and Health Services. We are a not-for-profit NDIS registered provider.
